Content standards outline the skills and knowledge expected of students from grade to grade and subject to subject. In addition to the Mississippi College- and Career-Readiness Standards, the MDE has developed a wide variety of training materials for educators and administrators across the state, linked below.

Mississippi College and Career Readiness Standards | The ...

Grade Five Model Curriculum Overview. In this unit of study, students describe that matter is made of particles too small to be seen by developing a model. The crosscutting concept of scale, proportion, and quantity is called out as an organizing concept for these disciplinary core ideas. Students demonstrate grade-appropriate proficiency in developing and using models, planning and carrying out investigations, and use these practices to demonstrate understanding of the core ideas.

Model Curriculum: Grade 5 Model Curriculum Overview
