787 Flight Crew Training Manual - Internet Archive

Practical flight training is performed entirely in the full flight simulator. Each practical training event is preceded by a 60- or 90-minute instructor-led briefing and followed by a detailed debriefing. Check rides are delivered by a qualified Boeing examiner, customer-assigned examiner, or approved regulator.

Boeing: Flight Training

The 787 flight training device provides flight crews with the same flight management and control systems as the full-flight simulator, making it ideal for instrument familiarization and reinforcing knowledge of airplane systems.

Boeing 787 Flight Crew Training - mkt.zegelpae.edu.pe

W hen I moved from Cape Town to New York six years ago, I knew traveling home would be a challenge. With no nonstop flights from the United States to Cape Town, it was impossible to eliminate the dreaded layover. I either had to fly from New York and connect in Europe, or take a direct flight from John F. Kennedy International Airport to Johannesburg and then hop on another two-hour flight home.

United Launches Nonstop Flight From New York Area to Cape Town

The largest airline in the world, American Airlines, just introduced a brand-new Boeing 787-8 Dreamliner to its fleet. Before the plane started flying passengers, I got a behind-the-scenes tour of the entire aircraft, from the cockpit all the way to the crew rest, " Zach explained to us. This place is absolutely off-limits to passenger
