C Unleashed, i.e. the applications of C. It is a powerful book well stuffed with knowledge, a good book to have. I enjoyed reading it.

Acces PDF C Unleashed

C Unleashed - C / C++
C Unleashed contains 29 chapters which range from 15 to 111 pages long. The chapters are mostly by very experienced developers and are written in a breezy style like a magazine or blog article. From looking at the TOC, I expected to learn a lot from reading through the chapters.
