commercialisation

occurs when

Access Free Commercialization

Agricultural enterprises and/or the agricultural sector as a whole rely increasingly on the market for the sale of produce and for the acquisition of production inputs, including labour. It is an integral and critical part of the process of structural transformation (see

Access Free Commercialization

section 1.1), through which a growing economy transitions, over a period of several decades or more: from one where the majority of the population live in rural areas and depend ...
