Dying for a Paycheck: How Modern Management Harms Employee ...

In Dying for a Paycheck, Jeffrey Pfeffer exposes the infuriating truth about modern work life: even as organizations allow management practices that literally sicken and sometimes kill their employees, those policies do not enhance productivity or the bottom line. Instead, they diminish employee engagement, increase turnover, reduce job performance, and drive up health costs.

Dying for a Paycheck - Jeffrey Pfeffer

Dying for a Paycheck (2018) reveals that 120,000 American die every year because of work-related health issues. This makes work the fifth leading cause of death in the United States and as dangerous as second-hand smoke. But things could be different, as a number of companies have demonstrated.

None of this necessary and no one should be dying for a paycheck. Jeffrey Pfeffer is the Thomas D. Dee II Professor of Organizational Behavior at the Graduate School of Business, Stanford University....

How your workplace is killing you - BBC Worklife

People are literally dying for a paycheck. And it needs to stop. In this timely, provocative book, Jeffrey Pfeffer contends that many modern management commonalities such as long work hours, work-family conflict, and economic insecurity are toxic to employees, hurting engagement, increasing turnover, and destroying people's physical and emotional health, and also inimical to company performance.

Dying for a Paycheck | Stanford Graduate School of Business

People are literally dying for a paycheck. And it needs to stop. Home - Jeffrey Pfeffer

Avoiding layoffs won't hurt corporate results, but CEOs who institute them will make more money and get bigger pay raises than those who don't. For all these reasons and more, Dying for a Paycheck is an important yet unrelentingly depressing book. Additionally, Pfeffer's half-hearted solutions don't suggest that he actually believes there is much hope that corporate leaders will adopt them en masse or even in big enough numbers to begin to move the employee health and wellness ...

Are American workers dying for their paychecks?

People are literally dying for a paycheck. And it needs to stop. In this timely, provocative book, Jeffrey Pfeffer contends that many modern management commonalities such as long work hours, work-family conflict, and economic insecurity are toxic to employees, hurting engagement, increasing turnover, and destroying people's physical and emotional health, and also inimical to company performance.
